Shares the wisdom of animals and their matching gemstones to help work on yourself mentally, emotionally, physically, and spiritually

- Reveals the energetic connections between 88 different animal allies and 88 gems, stones, and crystals from the mineral kingdom
- Includes animal medicine teachings from a variety of creatures, from hummingbirds and cats to dolphins and bears, to help you find inner peace, knowledge, and wisdom
- Explains how the color, formation, and the manner in which a stone grows in the Earth offers a teaching to know yourself and your life purpose

All creatures, great and small, in all species on this planet are interconnected. When an animal, insect, bird, or other creature from nature appears repetitively, whether in real life

or dreams, it is time to pay attention and find the message that nature is bringing you. There are many teachings available to us through the observation of a particular animal totem and their habits and patterns. For example, parrot medicine can teach us to see life from another perspective as we mimic the wise ones who have walked on the path before us. Mouse medicine teaches us to scrutinize all the details before taking action. Bear may teach you to go within yourself to find answers within your personal cave. Every animal is an ally, and every animal has a story to help you find inner peace, knowledge, and wisdom.

The associated gemstone for each animal totem is a further indication of the energy of the animal as symbolism and a teaching on your sacred journey. Crystals, minerals, and stones hold the history of the Earth and all this planet has to offer you to evolve your soul and spirit in this incarnation. The color, formation, and the manner in which the stone grows in the Earth offers a teaching to know yourself and your life purpose. It takes time and inner reflection to understand the messages and clues throughout the gemstone kingdom.

Matching the teachings of animals with the teachings of gemstones, Margaret Ann Lembo shows how there is symbolism in all around offering clues to light your path. Exploring 88 gems, stones, and crystals and 88 different animal allies, she details the spiritual connections of crystal vibrations and animal medicine, providing you with a deeper understanding of the interconnected energies of everything around us. She shows how the spiritual fulfillment you seek is available to you in so many ways and this path of working with gemstones and animal medicine is just one of many.
